90-Minute Fire Doors

90-MINUTE STEEL FIRE DOORS
THE ULTIMATE ADJUSTABLE METAL DOOR FRAME

Mastercraft’s metal door frames cover every wall thickness from 4-9/16” to 7-1/2” to accommodate almost any variation in wall construction. This easy-to-install, user-friendly, metal door frame system is applicable to a full range of residential and commercial applications - wood or steel stud construction. The Mastercraft® metal door is engineered to meet 90-minute fire ratings.

APPLICATIONS

• Multi-Family
• Motel/Hotel
• Storage Facilities
• House to Garage
• Garage to Exterior

CLOSURE TEST

In a 90-minute application, the door will close and latch from 18” if the following components are used:

• QEBD500 Foam-Filled Compression Weatherstripping
• Factory Sweep
• Adjustable T-Strike
• Factory Supplied Sill
