VENT LITE SCREEN REMOVAL INSTRUCTIONS

INTERIOR SIDE

Begin the screen removal process by sliding the vent glass upward on the **interior side of the door**.

EXTERIOR SIDE

Next, move to the **exterior side of the door** and slide the screen towards the door locks.

INTERIOR SIDE

Continue pulling the screen towards the lock side of the door. Then, from the **interior side of the door**, press the screen outward by applying pressure to the bottom corner of the screen closest to the hinge side.
